The Moroccan Experience

Deep cleanse, purify and soften the skin with this treatment based on the traditional weekly Moroccan cleansing ritual. Traditionally families would visit the public baths together for this.

Spend time relaxing in our beautiful Hammam while a traditional soap derived from black olives is applied. This special exfoliation technique will leave your skin feeling soft and renewed. We do recommend that you relax with a herbal infused tea or enjoy one of our massages to get the best results from your treatment. Please wear swimwear for this treatment. **600dh**

<i>Exfoliation glove</i>		60dh

NECTAROME AROMATHERAPY

We use Nectarome Hammam products based on old Moroccan recipes from this weekly ritual which are sourced from the foothills of the high Atlas Mountains in Morocco's first Aromatherapy gardens, where regional herbs and plants are used to produce Aromatherapy products. Nectarome is based in an organic aromatic garden (Le Jardin Bio-aromatic de L`Ourika) in a valley near Marrakech. To enrich these products with therapeutic qualities, Nectarome has added essential oils and plants designed to clean, condition and nourish your skin.

VIRGIN UNITE MAROC

Kasbah Tamadot and Virgin Unite (the Virgin Group's entrepreneurial foundation) work hand in hand to improve living standards in the communities around the property. This effort is spearheaded by Eve Branson, known to us as Richard's mum!

The Eve Branson Foundation aims to help the local people in the long term by setting up sustainable enterprises which so far have included a carpet workshop and a craft house run and managed by locals.

In aid of this charity, we have devised these "Angel Spa Packages" whereby 15% of the money from treatments sold helps to raise funds for this worthy cause. Go on be an Angel – have a special spa experience and help the cause.

The local Moroccan Experience: Yazire is the Berber word for rosemary which is grown here in the Kasbah Tamadot gardens and is used in this luxurious face and body treatment. After a loofah exfoliation warm oils are brushed onto the skin and a sprinkling of rosemary is applied before being cocooned warmly. As you relax, a face and scalp massage will ensure extreme relaxation is achieved. Hot towels and a seasoned moisturiser complete the treatment leaving the skin stimulated, toned and retextured. Rosemary is historically known for improving memory making the treatment truly unforgettable!
